Thanks Naomi,

The one major thing I would want to add to a report on the registration system is to be sure to include a field in the registration form for a mailing address (for LVC), and this needs to be separate from a billing address. We didn't do that, only to discover that the billing addresses were not accessible through Eventbrite. Could you forward this to the students who are working on the wiki?

Best, Philipp

Hi all, Just a heads-up that I finished going through all the Dropbox folders and picking out what to share with future NWA Vers. So you can cross that off your to-do list if it was still there. Thanks to those of you who already took care of it. 2 students are busily organizing a wiki.

If you want to add a "report", etc., that's great. The idea is to create something that can grow when people have things to add.

Cheers, Naomi
